

Kids Against Hunger®

Feeding families around the world...and around the corner.

Coyote Creek Elementary November 10th Packing Event! at 8:30 a.m.

Your generous donations will help our students pack meals to support those less fortunate locally and around the world via partnership with humanitarian organizations.

Students are encouraged to **earn** a minimum \$5 to help feed 25 children.

(See other side)

Donation is voluntary but we cannot do this without helping pay for the ingredients that your students will be packing.

Each meal costs 20 cents, so every \$20 raised will feed 100 children.

The 2nd – 5th grade students will assemble the fortified soy/rice casserole-style meals at school.

TK to 1st grade students will draw pictures that can send a caring message for the needy.

My Chore Chart! Name: _____

Try to earn money from your parents by doing chores around the house! Chores can be things like cleaning your room, washing the dishes, putting clothes away, or helping to make dinner. Work with your parents to fill out your chore chart and try to earn a minimum of \$5 from them to donate to Kids Against Hunger to help pay for the meal supplies you will be packing!
